FAQs for eFind News

What is eFind News?

eFind News is a personalized news platform that provides real-time updates, breaking news, and in-depth articles from trusted sources around the world. We prioritize user experience with customizable dashboards and privacy-focused browsing.

How is eFind News different from other news platforms?
eFind News offers a privacy-centric approach, meaning we do not track your data or browsing habits. Additionally, our AI-driven personalization ensures you receive news tailored to your interests without compromising your privacy.

Is eFind News free to use?
Yes, eFind News is free to use. However, we also offer a premium subscription with additional features like ad-free browsing, exclusive content, and enhanced customization options.

Does eFind News track my browsing activity?
No. eFind News is built with a privacy-first philosophy, ensuring that your data is not tracked, shared, or sold. You can enjoy personalized content without compromising your privacy.

Can I customize the type of news I see?
Yes. You can fully customize your eFind News feed by selecting categories, topics, and sources that interest you. This allows for a more personalized experience.

How do I customize my eFind News dashboard?
Simply go to the “Settings” section of the eFind News platform. From there, you can add or remove widgets, select preferred topics, and adjust your feed preferences.

Can I save articles for later reading?
Yes. eFind News includes a “Save for Later” feature that allows you to bookmark articles and access them anytime in your saved articles folder.

Does eFind News offer notifications for breaking news?
Absolutely. You can enable notifications for breaking news alerts in specific categories or for general updates. Customize your notification preferences in the app settings.

Where does eFind News get its content?
eFind News aggregates content from reputable news organizations, trusted publications, and independent media outlets. We prioritize accuracy, diversity, and credibility in all our sources.

Can I suggest a new source to be added to eFind News?
Yes. We welcome user suggestions for additional news sources. Please use the “Submit a Source” form on our website or app to share your recommendations.

Do I need an account to use eFind News?
No, you can access eFind News without creating an account. However, creating an account unlocks features like feed customization, article saving, and cross-device synchronization.

What is included in the premium subscription?
eFind News Premium offers an ad-free experience, access to exclusive content, offline reading, enhanced feed customization, and early access to new features.

How do I subscribe to eFind News Premium?
You can subscribe through the eFind News website or app. Navigate to the “Subscriptions” section, select your plan, and follow the payment instructions.

Is there an eFind News mobile app?
Yes. The eFind News app is available for both iOS and Android

devices, offering the same great features as the website in a mobile-friendly format.

How do I report a technical issue or bug?
If you encounter any issues, please use the “Report a Problem” option in the app or website, or contact our support team at support@efind.com.

Can I share articles from eFind News on social media?
Yes. eFind News makes it easy to share articles with your friends and followers directly from the platform.

How often is the news feed updated?
Our feed updates in real-time, ensuring you receive the latest news as it happens.

How do I provide feedback or suggest new features?
We value your input! Use the “Feedback” option in the app or website.
